Letter of Suspension

Bonn, 31 March 2011

Dear Sirs,

this is to inform you, that Welthungerhilfe will cut its cooperation with Prado Caribe from today.

All Welthungerhilfe offices have been strictly requested not to accept any quotation from your side.

The reason for this cut in cooperation has been discussed in Havana :

1. There is a serious delay of delivery of goods in several contracts (up to nine months).
2. You have received huge advance-payment without return-service. Our lawyer will send you our demand for reimbursement (plus penalties plus interest on advance payment plus compensation)
3. Your business attitude is totally unacceptable

As already discussed, our lawyer is just preparing the relevant letter cancelling all contracts. The claim against you will be sent from our lawyer as well.

Please take into consideration, to handle the Original B/L for the engines to us. It will reduce our claim against you.

Please be advised that we will go for all legal steps against your company and its management.
